ANNUAL REPORT 2020

A management team elected in Lugano consisting of Anne Kaun (Södertörn University), Christina Neumayer (IT University Copenhagen) and Emiliano Trére (Cardiff University) acting as Vice-Chairs continued their work. A new team will be elected during the ECC in Braga. Ally McCrow-Young (University of Copenhagen) is the section's YECREA representative.

The work of the section during 2020 focused on preparing the ECC that was planned for October 2020, but was postponed until 2021 due to the COVID-19 pandemic. The section received 130 individual papers and 7 panel submissions.

The management team decided to remain in office an additional year until elections would be held during the ECC.
